

WE ARE HIRING

ZONING DIVISION ARBORIST SECTION Chief Planner

JOIN THE ORANGE COUNTY TEAM

Overview

The Zoning Division Chief Planner position is a supervisory position over the Arborist Section. This position works closely with the Zoning Manager, Assistant Manager, and the other Chief Planners in forwarding the ideals and goals of the Zoning Division and Orange County.

The Arbor Section of the Zoning Division consists of staff responsible for reviewing land development applications for compliance with Orange County regulations for landscaping, buffering, open space and tree protection and removal. The Arborist team facilitates regulatory programs, conducts inspections, issues violations, and provides citizen engagement through the permitting process.

Representative Duties

- Provides supervision and training for the Senior Arborists and Arborists
- Develops and manages the section work program
- Responsible for planning, delegating, scheduling, reviewing and editing all work products produced by the section's staff
- Develops educational and training materials associated with code updates, develops new processes to implement code changes, manages the workload, develops the required permitting and tracking tools, and creates the operational documents
- Coordinates and manages tree assessment and mitigation calculations and ensures that they are conducted and completed according to established standards
- Evaluates the effectiveness of the section in responding to customer problems and needs and is responsible for improving customer satisfaction with the section's products and services
- Tracks, reviews and summarizes proposed legislation on Growth Management and determines the impact on Orange County

Minimum Qualifications

Graduation from an accredited college or university with a Master's degree in Planning, Public Administration, Arboriculture, Forestry, Landscape Architecture or a closely related field and five years of experience in a planning-related area to include one year of supervisory experience; or a Bachelor's degree in Planning, Public Administration, Arboriculture, Forestry, Landscape Architecture or a closely related field, and eight years of experience in a planning related area to include one year of supervisory experience OR an equivalent combination of education and/ or experience.
